

Home learning for Room 6 - Week 2 Term 2

Date: 9th to 13th May

Spelling assessments are still taking place. If your child would like to practise words they can choose from the topic words: **matter, solid, gas, liquid, freeze, melt, burn, cut, change.**

A copy of the words that your child still needs to learn will be in the home-learning book next week. Thank you for your patience.

Topic:

Explain and give examples of each state of matter that we have been learning about in class.

Solid:

Liquid:

Gas:

This week's learning will include:

- Chemical change; 3 states of Matter, Fizzing and Foaming (Inquiry topic)
- Spelling assessments to continue to take place.
- Maths challenge club starts

Literacy focuses:

We are learning how to recognise and understand homonyms in our reading.

Did you know?

Homonyms are two words that are spelt or said the same but have different meanings. For example; It doesn't **matter** if I got it wrong. There are three states of **matter**.

Maths

Please work on your skills in Mathletics.

Mathletics

This week I got _____ points!

Home learning book is due back to school on **Friday** for testing and marking.

Hi everyone!

- For a fun project- taking place in three weeks (Week 5) please bring a clean empty plastic bottle in. For example, a lemonade bottle or water bottle.
- A named set of headphones would be useful for your child to use, when listening to books. They will be kept in your child's desk for their personal use.
- Please welcome Miss Moore to Room 6. She will be in our class this week, finishing on Friday. She will return to our class later in the year.

From Miss Swinton

Health – As the days are getting cooler please remember to wear something warm to school. Also slippers and warm socks can be worn in class to keep our toes warmer. Sunhats are no longer needed this term.
